### ARBOR DAY AND TAP EXERCISES ON MAY 4

Tree To Be Planted and  
Senior Societies  
To Pledge

#### ORATORY WILL FLOW

May 4 is the date announced for the annual Arbor Day exercises of the University, and for Tap Day for Lamp and Cross and Staff and Crown, Senior honor societies for men and women, respectively. Class work will be suspended on this day after 10 o'clock, and it is probable that the battalion will fall in for dress parade, as has been the custom in past years.

Arbor Day is a State and National holiday, and altho the University does not observe it on the regular day all the forms are gone thru faithfully. The Senior class selects a spot on the campus and plants a sapling, dedicating it to some person whom it desires to honor. Each member of the class throws in a shovelful of soil and the spade is finally turned over formally to the official representative of the Junior class. Short speeches will be made this year by William Shinnick, president of the Senior class; Orin L. Fowler, Senior orator, and Virgil Chapman, Junior orator.

In other years some of the best speeches of the year have been made on the occasion of the planting of the tree and this year is expected to be no exception to the rule of general excellence.

Tap Day is always of great interest to the members of the Junior class, for the Senior class societies formally pledge their members for next year from the third-year men and women. Lamp and Cross always pledges the ten men who in the opinion of the members are the most representative of the next year's graduates, and Staff and Crown usually pledges the same number.

The members of the Senior honor societies now in the University are: Lamp and Cross—McClarty Harbison, Curtis Park, Than Rice, Bart Peak, William Shinnick and George Hill.

Staff and Crown—Linda Purnell, Helen Burkholder, Frances Geisel, Mary Hamilton and Jane Dickey.

Of the four Lamp and Cross men who are not here now, George Gumbert and Oren Lamaster have been teaching since February, and W. T. Radford and Ben Mahoney are in the Kentucky National Guards.

#### MARTIN HEADS DEMOCRATS.

Bill Martin, a Junior in the College of Law, was unanimously elected president of the Democratic Club last Thursday night. Other officers were chosen as follows: Doc Rodes, vice president; A. S. Treadway, recording secretary; A. L. Cole, corresponding secretary; B. J. Riley, treasurer; H. L. Milward, chaplain, and John Loman, sergeant-at-arms.

### FACULTY DISSOLVES MYSTIC 13 AND KEYS

The Keys and Mystic Thirteen, Sophomore and Junior honorary societies of the University, were ordered dissolved by the faculty in special meeting Friday. This action was taken on the recommendation of the Discipline Committee after they tried the members of the two societies on the charge of giving a dance at the Phoenix Hotel last Friday evening in violation of the faculty rules and regulations for University dances.

A rule was passed two years ago requiring the annual dance of these organizations and several others to be held on the campus. Committees from the two societies said that a lack of facilities for a proper entertainment on the campus was the reason the dance was held at the Phoenix.

### STUDENT RANKS ARE GREATLY DIMISHED

Enrollment Is Reduced To  
Almost Half Within  
Week

#### ADOPT RESOLUTIONS

Approximately half of the students of the University have taken advantage of the recent faculty ruling, giving credit for the rest of the year's work to those who will return to the farm and put in a food or feed crop, leaving the students ranks greatly thinned. The number has been further diminished by several students entering military service.

Among the most recent enlistments are: Herndon J. Evans, of Frankfort, and Elmer B. Allen, of Georgetown, who joined the Kentucky National Guards Tuesday morning. W. S. Rust, of Canada, and J. McGowan, of Bagdad, will leave in a few days to enlist in the coast artillery.

Only 100 men are now left of the 400 in the University battalion. Because of the loss of twenty-eight of forty members, the band disbanded Tuesday. Band members have been transferred to the signal corps, which had been reduced to a very few men.

Hardest hit by the "back-to-the-farm" movement are the College of Law and the College of Agriculture, of which departments almost the entire enrollment have left. In other colleges the Junior and Senior classes are only slightly diminished, while a number of Freshmen and Sophomores from all departments have returned to the farm.

Discontinuance of athletics for the remainder of the year has been discussed by the Athletic Committee, but no action has been taken. Track work has been practically suspended as several leading members of the squad have already left. Meets with Vanderbilt and the University of Cincinnati have been cancelled by those institutions.

### BATTALION REDUCED TO MEREST FRACTION

Only One Company Now  
Left of Three Hundred  
Cadets

#### FUTURE IS UNCERTAIN

"The transfer of Kentucky from the Eastern Department to the Central Department of the Army of the United States renders military affairs of the University so uncertain that it is impossible to say just what will happen in the future," said Captain Fairfax Tuesday.

The present organization of the remaining students will be continued and drill will proceed as has been the custom in previous years. One large company has been formed from the remains of the four companies and the men who formerly drilled in the morning company will be transferred to the afternoon period. Since so many of the members of the band have left, there will be no more practicing of music and the band will confine itself to drill. The signal corps will form another unarmed detachment.

At the first of April there were about 300 men in the battalion. Now there are about 110. Others are signifying their intentions of leaving daily and the commandant expects that no more than fifty will remain for inspection.

Only the ceremonies of guard mounting and company inspection can be carried on with a single company and the commandant has abandoned the schedule of drill recently adopted in preparation for inspection. Captain Fairfax does not know whether he will be called away before inspection, but the sergeant recently named as his helper here will arrive about the 27th or 28th of this month. The inspecting officer will be sent from the department headquarters this year.

There has been no notice or order concerning the staging of a problem, or "sham-battle" as yet, in connection with the inspection. That will be held or not at the pleasure of the inspecting officer.

Captain Fairfax wishes it known that no applications for positions as officers in next year's battalion will be considered. All officers will be appointed by him and no application will have weight.

### STEWART IS WINNER OF ESSAY CONTESTS

H. L. Stewart was winner of the short-story and essay contests which were held by the Patterson Literary Society Saturday night. F. O. Mayes took second honors in both contests. The prizes were books donated by President Emeritus James K. Patterson.

Judges of the contest were: Herbert Schaber, Roy Scott and J. D. V. Chamberlain, members of the Union Society.

### VIRGIL CHAPMAN TO EDIT LAW JOURNAL

Virgil Chapman, of Lexington, was last week appointed editor-in-chief for the ensuing year of the Kentucky Law Journal, monthly publication of the students of the College of Law, by Dean W. T. Lafferty and the faculty of the college. Ben H. Scott, of Louisville, was named business manager. Both are Juniors in the Law Department.

The Kentucky Law Journal is issued monthly by the students and has a circulation among the lawyers of every county in Kentucky. Some of the ablest lawyers in the State and nation are contributors to its columns. Messrs. Chapman and Scott expect to have their periodical adopted as the official organ of the Kentucky Bar Association, and place it on a sound financial basis before September.

### CATS BEAT TIGERS ON HOME DIAMOND 3 TO 0

Triple and Three Doubles  
Disastrous For Scott  
Countians

#### MAC VERY EFFECTIVE

The walloping Wildcats continued their triumphant march to baseball championship honors Tuesday afternoon, when they put the kibosh on the Georgetown Tigers in their own cage by the count of 3 to 0.

McClellan showed that he had lost nothing of the effectiveness that marked his first appearances, and had the Scott countians swinging wildly at the places where they only thot the ball was. Two hits, both by Moss, told the whole story for the home team.

The Cats bagged nine hits, Scott, Captain Curtis Park and Rodes getting two each. Waters, Cambron and the captain got two-baggers and the redoubtable "Doc" lashed one to the fence for three.

Centre College and Kentucky will play on Stoll Field this afternoon.

### PROHI. CONTEST TO BE HELD AT GEORGETOWN

The State oratorical contest of the Kentucky Intercollegiate Prohibition Association will be held at Georgetown College, Saturday evening, at 7:30 o'clock. The University of Kentucky will be represented by Thos. L. Creekmore, whose subject is "Prohibition and Patriotism."

The girls of Rucker Hall will give a reception to the delegates Saturday afternoon. All students of the University are invited to attend. Delegates will leave on the 2:05 car. The seasons will continue thru Sunday. Dr. D. Leigh Colvin, of New York, and Hon. H. V. McChesney, of Frankfort, are the principal speakers.

### DR. TIGERT RESIGNS AS ATHLETIC COACH

Will Occupy Chair of Philosophy Again Next  
September

#### NO SUCCESSOR NAMED

Dr. John J. Tigert, athletic coach this year, has resigned his position as head of athletics at the University, and will again occupy the chair of philosophy, resuming his teaching in September.

Under the terms of a leave of absence from the philosophy professorship, Dr. Tigert was to notify the Executive Committee not later than March 1 whether he preferred to continue his athletic work or return to his academic work. He advised the trustees that he would resume his classroom work next September.

As yet, the Athletic Committee has not discussed a probable coach for next year other than to authorize President Barker to treat with Dr. Tigert, but negotiations ended with the latter's resignation. Assistant Coach Tuttle, star all-around athlete and coach at the University for two years, has not decided what he will do next year, but it is probable that he will accept a fellowship in another university to continue his studies along with his coaching. He, however, will return to the University if a fair offer is proffered him.

S. A. Boles, gymnasium director, has assisted in coaching football and track in addition to directing all athletics. He will remain at the University. To Dr. Tigert belongs the credit for getting athletics at the University on a strong basis. He developed a team that "did Purdue" in 1915, and held the undefeated Tennessee Volunteers, candidates for the Southern Championship, to a tie in the Thanksgiving game at Knoxville. He has developed the team composed of Doc Rodes, Haydon, Grabfelder and Captain Brittain.

Dr. Tigert came to the University in September, 1912, from Kentucky Wesleyan College, where he had been president for two years. He first assisted Coach Sweetland. In 1913 he became head coach, assisted by Brumage. He became athletic director in 1915, assisted by Coaches Tuttle and Park, and in this season, he developed the machine that wrought havoc with the Southerners.

#### NEW STROLLERS AWARDED PINS.

The Strollers last Thursday awarded pins to the members in the cast of the "Lion and the Mouse," who have not been in previous performances of the Strollers. Draddy and Gordon Marsh.

## AT THE ADA MEADE.

"A Prince for a Day" is the title of a clever musical comedy which will be seen at the Ada Meade Theatre the latter part of this week, beginning today. Pretty girls, clever stage effects and comedy that is rich and sharp are some of the many features. Thirty people, the largest number ever seen on the stage of a popular-priced vaudeville house in Lexington, make up the cast.

Special mention should be made of the chorus, which is said to be the prettiest and the best trained that has ever appeared here. Included in the cast are several of the leading stars of vaudeville.

Beginning today the Ada Meade will present nothing but musical comedies the rest of the season. The best companies on the road have been booked and vaudeville goers are assured that a real treat is in store for them. Phone 612 for seats.—Advertisement.

## KENTUCKIAN WILL GO ON SALE NEXT WEEK

The 1917 Kentuckian will be put on sale the early part of next week, almost a month earlier than the book has ever been ready before. From the standpoint of art the book is said by those students who have seen the page-proofs to be a gem. Delivery has been promised May 1 by the printers and students who desire to get their copies from the first shipment are warned to carry their receipts and the final payment around with them.

## CHAPMAN PRESIDENT OF THE HENRY CLAY

At a called meeting of the Henry Clay Law Society Monday night Virgil Chapman was chosen president for the coming year. Other officers were elected as follows: W. J. Kalbreier, vice president; Miss Rebekah Paritz, secretary; Jack Herndon, attorney-general; Ed. Dabney, treasurer; E. E. Rice, chaplain, and A. D. Crenshaw, sergeant-at-arms.

After the election, President Chapman outlined his plans for next year, closing with a plea for all to attend together in a united effort to improve the Henry Clay Society.

## KENTUCKIAN NOTICE

## H. S. TOURNAMENT TO BE HELD NEXT MONTH

Fifteen Schools To Compete  
In Contests at the  
University

## WINNERS GET MEDALS

Fifteen high schools of the State will send debating teams to the Sixth Annual Interscholastic Tournament, which will be held at the University beginning Tuesday, May 8, and probably as many more will send representatives to compete in the musical and declamatory contests and to take part in the field meet.

Preliminaries have already been held thruout the State to select men for the debating teams, resulting in the elimination of about half of the teams entered in the contest. The schools which will be represented in the contest, which promises to be the biggest ever held in Kentucky, are: Louisville, Lawrenceburg, Anderson County High School, Somerset, Midway, Butler, McCracken County High School, Ludlow, Covington, Newport, Franklin, Brandenburg, Highland College and Stuart Robinson College.

The debating, declamatory and musical contests will be under the direction of Professor Charles P. Weaver, while Dr. J. J. Tigert will have charge of the track meet. The preliminaries will require about three days and the finals will be held Friday night. Medals will be awarded the winners in each event. During their stay here the high school students will be guests of the University.

Arrangements for the track meet have not as yet been definitely completed, due to the military stir thruout the State which has resulted in a tendency on the part of various schools to abolish athletics.

## FREE TUITION ACT IS UPHELD BY KERR

The act granting free privileges to students of the University was held to be valid by Judge Charles Kerr, in a decision handed down Monday morning, in the case of the test suit filed by about thirty students against the University. The suit, which was brought at the suggestion of President Barker, asked the court to give its opinion as to the validity of the act giving free tuition, matriculation, room rent, fuel, light and transportation to county appointees, selected by competitive examinations.

The case will go before the Court of Appeals to be heard on May 15 and if the decision of Judge Kerr is upheld the effect may be that between \$20,000 and \$30,000 will be ordered returned to students from whom they have been collected. This case has been discussed at the University for several years and has come up at different times before.

Because of the number affected, Judge Kerr characterized the issue as both important and serious. The opinion handed down is in twelve typewritten pages and goes into the matter in detail. Many decisions and precedents are cited.

## FACULTY RULING IS EXPLAINED BY BARKER

Says Student Renders Patriotic Duty By Returning to Farm

### SUGGESTIONS MADE

"The young men of Kentucky, in my opinion, can render their country no more patriotic service at the present time than by going upon the farm and devoting their entire time and energy to increasing the food supply of the United States," said President Barker in chapel Friday morning.

Friday's chapel was devoted entirely to a detailed explanation to the students of the meaning of the resolution passed by the faculty last Wednesday afternoon granting any student the right to leave college to work on the farm with the same grade for the semester he now has.

George Roberts, acting dean of the College of Agriculture, addressed the student body on the real significance of the present food crisis, saying, "Unless the Kentucky farmer and those of the South are able to meet the present emergency in the national food shortage by increasing their crops enough to supply the population of their section, some of them will be without adequate food this year." He also called particular attention to the necessity of quick action as the majority of crop planting must be done within forty-five days.

Professor E. S. Good, head of the Animal Husbandry Department, in his address, asked the students who would soon return to the farm, to try to refrain from selling underfed and young stock because the price was alluring.

"Rushing half-grown pigs and calves on the market at the present time in order to get the benefit of the high prices means a wastage of almost half in their food values," said Professor Good.

Dean Roberts branded any student who would take advantage of the faculty ruling and get a credit for the school year in order to go to work in munition factories a slacker and unworthy to be called a citizen of the United States.

Judge Barker concluded the program by saying that college would be continued until the end of the year in all the departments. He advised every student to follow the dictates of his own conscience in whatever course he chose to follow.

## NEW FRATERNITY IS ESTABLISHED HERE

The Alpha Gamma chapter of the Alpha Chi Sigma fraternity, a national society for professional chemists was established at the University Saturday night when the installation exercises took place at the Phoenix Hotel. The exercises were in charge of Dr. L. F. Nickel, of Washington University, St. Louis, national vice president, and Dr. L. I. Shaw, of Northwestern University, of Chicago, national secretary.

The chapter members here are: G. C. Bauer, M. H. Bedford, P. L. Blumenthal, H. W. Borntreger, H. H. Chancellor, W. F. Cramer, L. C. Daniels, Lawrence J. Heyman, C. W. Owen, A. M. Peter, E. A. Taylor, Robert B. Taylor and F. E. Tuttle. L. I. Longworth is pledged. H. M. Noel is eligible to membership, but joined the navy last week and was unable to be present at the meeting Saturday night.

**STUDENT RANKS ARE**  
(Continued from Page 1)

Resolutions granting credit to students returning to the farm, which were adopted by the faculty at a special session last Wednesday afternoon, follow:

"Resolved, By the faculty of the University of Kentucky, that any student who in good faith leaves the University and returns to the farm in order to make a food or feed crop for the coming year shall be given his present grade in each class, this grade to stand for the entire semester's work.

"In order to obtain the benefits of this resolution, the student shall notify his dean of his intention before his departure and on his return shall satisfy his dean of his good faith and actual work done."

Many students and younger members of the faculty will make applications for commissions in the Officers' Reserve Corps. The examinations have been conducted by Captain Fairfax and a number of students have been accepted. A telegram from the Eastern Department, however, has suspended any further action.

President Barker in addressing the students in chapel last Friday morning said that class work would continue as usual and that there is little reason for the "hysteria" which prevails among students and some faculty members.

## The Girls, God Bless 'Em.

The edition of The Kentucky Kernel last week, which was entirely in charge of the co-eds of the University, was one of the best issues that has appeared this year. If it were not for the fact that comparisons are distasteful the writer would be inclined to say that in general make-up, literary finish and subject matter the co-eds outdid the regular members of the staff.

But beyond the particular fact of this edition of the college paper lies a great generality. Women of today, and especially college women, are showing that they are capable of making all the sacrifices that could be demanded of men in times of great crises. The plan to mobilize the women of the country during the war has met with success; everywhere we find them willing and anxious to put their patriotism into concrete form. On the campus of the University we see them drilling and preparing themselves for the work of Red Cross nurses; a number of them have gone home already to aid in food production. Quite a number here in Lexington are raising gardens "on the side."

To enumerate all the things the women of the University of Kentucky have done or intend to do for their native land would be impossible and superfluous. There is too much, in the first place, and it is too well known. We can only say that they have been faithful to every trust and are deserving of the confidence and thanks of every University man.

To its congratulations on the excellence of the Co-ed Edition, the Kernel wishes to add its appreciation of everything else the girls on the campus have done and its admiration of all they are.

## J. Franklin Corn.

The Kernel this week bids goodbye to one of the most faithful members of its staff, one who has served it in various capacities with success and whose place it will be hard to fill. J. Franklin Corn, editor-in-chief last year, and "Squirrel Food" at present, has heard the call of his country for soldiers and is leaving, either for the officers' training camp in Indiana or for the regular army.

Mr. Corn's work has been of the highest type and his efforts and advice have been to all of us a source of inspiration. Of a distinguished and engaging personality and high ideals, he is a man who will be appreciated and useful wherever he may be located. The staff of the Kernel gives him Godspeed with the deepest affection and hopes for his success in his new career.

## Lykelle Pomes No. 29.

The Kaiser heard of war declared  
By our United States;  
He laughed aloud; he drank a beer,  
And said unto his mates:  
"Just let them throw their fit,  
We do not care a bit."

## The Kentucky Colonel Says.

To face the enemy or to face the  
summer sun between the corn rows—  
that is the question, suh.

## SQUIRREL FOOD

## Our Last Attempt.

"Squirrel Food" trusts that the readers of the column will be kind in their criticisms this week. It is hard to jest when the heart is heavy. The clown often has a tear behind the smile.

This is the last time we perpetrate our stuff on the student body. In a few days we are leaving and now are taking advantage of our position on the staff to say a word of farewell.

The most happy associations of our college life have been with the Kernel. We did not realize it fully until now. At times the work has seemed a grind. Often it has seemed impossible to conjure forth a single paragraph. But in the end the joy of the work and the pleasure brought by an occasional kind expression of appreciation have been well worth the price.

Many mistakes we have made during our connection with this little paper. We have realized and have suffered deep regret over some of them. But we hope that they have been mistakes of action rather than mistakes of heart. And if you who know us will carry away with you some little pleasant recollection we feel that our college days have been a success and that life is very much worth the living, after all.

Likely it is that we all will be scattered far in the near future. So whatever your fortunes "Squirrel Food" wishes you good luck and Godspeed and dares to dream that sometime we may meet again.

"Sometime," you said, and so I dare to dream.

That youth and Spring may somehow linger by

'Till once again we catch the silver gleam

Of lost stars set against a May-time sky:

That once again the apple blossom days,

The gray, sweet woods, soft blurred with Springtime haze,

May find us fared down dear remembered ways.

'Sometime,' you said, and so I dare to dream."

## Lykelle Prose.

Mr. John Marsh is now taking the examination for First Lieutenant of U. S. Army. John is certainly made of such stuff as heroes are made of.—Maysville Advocate.

## At the Girls' Drill.

First Soldieress: "Mary wouldn't make a good soldier to fight in the front ranks, at all."

Second Soldieress: "Why?"

First Soldieress: "She is so modest and retiring."

## Here It Is Again.

Hick: "Well, I see they are most all leaving."

Quick: "Who, the students?"

Hick: "No, the trees."

As an act of patriotism we suggest that the domestic science departments of American universities organize regiments and volunteer to feed the German army.

Captain Fairfax has called for young women volunteers to do stenographic work. Scores of young men have expressed their intentions to volunteer as military escorts to the stenographic corps.

## But Centra Couldn't "Hand" Us Anything.

The students of the school for the deaf and dumb at Danville handed our boys frequent applause at the Kentucky-Centre game.

It is highly embarrassing and a great shock to our highly sensitive, modesty and delicate sensibilities, but we feel it our duty to disclaim credit for last week's "Squirrel Food" in the Girls' Issue. The girls actually wrote it. So our friends are hereby requested to cease flooding us with compliments.

## Registrar, Give Him Full Credit.

First Stude (as second stude pulls large fish from water): "Fishing, eh?"

Second Stude: "Nope, raising food-stuff for the soldiers."

We aren't terribly eager to fight. But we do hope that if we ever sight the first line of German trenches we can take our first crack at one of the profs who have deliberately "flunked" students to prevent them from entering the service of their country.

## DR. W. H. ADAMS SPEAKS AT TUESDAY MEETING

## Georgetown College President Tells Mission of College Men

## IGNORANCE IS CURSE

"The task before us, as people who are seeking education and enlightenment, is the emancipation of the world around us. Nature is under the bondage of corruption," said Dr. W. H. Adams, president of Georgetown College, when he addressed a student body cut in twain by the ravages of war and the back-to-the-land movement in chapel, Tuesday morning on the "Emancipation of Nature."

Parts of Dr. Adams' speech follow.

"You are seeking education, and education's mission is to make us fit to take our place in the world's events and to be factors in our home, the world. Do you not feel the call, the eloquent call of the world to you, on its knees as it were, to come out and liberate it from its inefficiency? Farmers are calling men from agricultural colleges to come to their farms and deliver their land from the bondage under which it labors. Only think of the delusions under which a child, who has been taught by a poor ignorant, unfit teacher in some of the rural schools of our native state is held; of the gripping shackles which oppress it. School boards are calling for bright, educated men and women to better these conditions.

"If the ocean could speak today, don't you think that it would state its preference rather to be the bearer of ships that were engaged in the peaceful pursuits of trade and commerce than be reddened by the blood of men slain by the devilish submarine and torpedo?"

"Your life is rich in proportion as you form useful contact. The man who is refusing contact with God is refusing contact with the greatest person in the universe. Can anyone afford to do this?"

"By possessing a good character and a holy purpose you can strike the shackles off of every enslaved thing, animate or inanimate."

## CENTRE WALLOPED BY SLUGGING WILDCATS

## 3-1 Defeat Handed Danvillites on Their Own Field

## GRUBBS INVINCIBLE

The Wildcat baseball manipulators put a crimp in Centre's aspirations when they defeated that team on their home-town diamond Saturday afternoon by a score of 3 to 1.

The Danvillites touched up Grubbs for seven safeties, but none of them were good for more than one base. Kentucky only landed on Rogers for a half dozen hits, but most of them were good for an extra sack or two. Waters, the heavy hitter of the day, resuscitated a dormant batting average when he aggressively walloped the Danville slab artist for a double and a triple in four trips to the plate. The persevering short field man, together with Charlie Haydon, the Hal Chase of collegiate baseball, scored a brace of tallies, which sufficed for victory, in the opening frame. A three-base slam by Haydon and a two-bagger from Curt Park's willing willow were other hitting features of the encounter.

Centre sticklers were at the mercy of Tommy Grubbs.

### SHINNICK TO SPEAK FOR G. A. R. MAY 30

William Shinnick, editor-in-chief of  
The Kentucky Kernel, and president  
of the Senior class, has been invited  
by E. L. Dudley Post, G. A. R., of Lex-  
ington, to make the memorial address  
on the occasion of the decoration of  
the graves of Federal dead at the  
Lexington Cemetery, May 30. He has  
accepted the invitation.

The staff of the Kernel, which en-  
tertains profound affection for its  
chief, appreciates the very great hon-  
or extended to the editor of this paper  
and is publishing this notice.

Mr. Shinnick, a young writer of  
ability and an orator who has already  
won laurels, will be one of the first  
to take the degree of A. B. in the  
new Department of Journalism. The  
Kernel staff predicts that he will ac-  
quit himself admirably on the occa-  
sion of this solemn annual ceremony.

### SIX QUALIFY FOR "K" IN TRIAL TRACK MEET

Three Others Recommended  
To Committee For  
Letter

### MEN SHOW UP WELL

The trial track meet held on Stoll  
Field last Saturday afternoon result-  
ed in the following six men qualify-  
ing for a "K": Captain Grabfelder,  
Ireland, Kinne, Kohn, Knight and  
Brunson. Since the condition of the  
weather on the afternoon of the meet  
was so discouraging, the excellent  
records made by the participants  
in the different events speaks well for  
what the track team might have ac-  
complished had not Vanderbilt, Cin-  
cinnati and Georgetown called off the  
scheduled meets.

Altho Planck, Whaley and Davidson  
fell a little short of the University  
qualification requirements, it was de-  
cided by Dr. Tigert, Coach "Daddy"  
Boles, and Captain Earle Grabfelder  
that these men should be recommend-  
ed to the Athletic Committee for a  
letter.

Prospects for next year are bright  
indeed, for every member of the  
squad signifies his intention of return-  
ing to the University in September,  
and, also, "Daddy" Boles will be here  
again to coach a team that will prob-  
ably set a new precedent for track  
athletics at the University.

Under favorable conditions, Grabby  
was expected to equal his record of  
ten flat, but, as it was he cleaved the  
raw, cold wind that was blowing in his  
face at a 10:02 gait. The rapid cap-  
tain also annexed first in the 220 and  
the 440.

Kinne had a narrow escape from the  
gloom of defeat in the half-mile fun  
when Knight, of Louisville High, ran  
a close second. It was thot to be a  
dead heat by by-standers, but the  
judges conceded it to Kinne by a nose.

Great expectations were held out  
for Boo Ireland. Only an unfor-  
tunate accident in the shape of a  
pulled tendon, after he had cleared  
twenty feet and five inches, kept him  
from eclipsing the University record.

Gus Gay missed 5:04, the "K" mark,  
by a lonesome inch in the high jump.

Coaching and experience is all that  
Brunson, a first-year man, needs to  
become expert in the pole vault. He  
goes thru his act in fine form.

Following is a summary of the  
events:

100-yard dash — Grabfelder, first;  
Forman, second. Time, 10:02.

220-yard dash — Grabfelder, first;  
Forman, second. Time, 24:04.

Half-mile Run—Kinne, first; Knight,  
second. Time, 2:09 1-5.

High Jump—Gay; height, 5 feet, 3  
inches.

220-yard Hurdles—Browning, first;  
Parker, second. Time, 29:03.

Hammer Throw—Whaley; distance,  
90 feet, 8 inches.

Broad Jump—Ireland; distance, 20  
feet, 5 inches.

Shot Put—Davidson, first; Grab-  
felder, second. Distance, 33 feet, 5  
inches.

440-yard Dash — Grabfelder, first;  
Kohn, second. Time, 53:02.

Pole Vault—Brunson; height, 10  
feet, 4 1/2 inches.

1 Mile Run—Planck, first; Whaley,  
second. Time, 4:58 2-5.

### JUNIOR PROM CALLED OFF BY CLASS FRIDAY

Number of Students Leav-  
ing College Given as  
Reason

### WAS TO BE TOMORROW

On account of the fact that a large  
per cent of the members of the Junior  
class have left college to return to the  
farm, the Junior Prom, which was to  
have been given at the Phoenix Hotel  
tomorrow night, was dispensed with  
at a meeting of the class last Friday  
afternoon.

The Prom is the biggest social  
event of the college year and is the  
only dance that is permitted to be  
held off the campus. It is always held  
at the Phoenix Hotel and only upper-  
classmen can attend. This is the first  
time in the history of the University  
that it has been called off, but the  
class deeded it inadvisable to hold it  
in view of the national crisis.

The resolutions adopted by the  
class follow:

"Whereas, The Imperial German  
Government, by levying uncivilized  
and inhuman warfare on our country,  
has forced the United States, in de-  
fense of honor and freedom, to en-  
ter the pitiless maelstrom of univer-  
sal carnage; and

"Whereas, The authorities of the  
University of Kentucky have excused  
from the remainder of this semester  
those students who declare their in-  
tention of entering the military serv-  
ice or raising a food crop on the  
farm; and two-thirds of the boys of  
the class of 1918 have availed them-  
selves of the opportunity to render  
this direct service to their country  
in time of peril; and

"Whereas, The Junior Prom is a  
very elaborate and expensive social  
function; and the critical situation of  
the United States should be the per-  
sonal concern of every citizen in this  
fateful epoch of our country's history;  
therefore, be it

"Resolved by the Junior class of the  
University of Kentucky, in regular  
meeting assembled, that the Junior  
Prom be dispensed with for this year.

### WINNERS ANNOUNCED IN FARM CONTEST

Winners of the competitive contest  
for advanced students in farm plant-  
ing, in which sixteen Seniors in the  
College of Agriculture competed, have  
been announced as follows: T. C.  
McCown, first; R. B. Rankin, second;  
L. A. Bradford, third. They will re-  
ceive cash prizes of \$15, \$10 and \$5,  
respectively, which were offered by  
the Blue Grass Farmer and the Lex-  
ington Board of Commerce.

This contest, which is the most  
unique of its kind ever held at the  
University, is the first of a series to  
be held twice annually by Professor  
Nichols.

Work done in the contest covered a  
period of several months and was a  
thoro test of the ability of the stu-  
dents to plan a modern farm. All the  
work is entirely practical, the plans,  
statements and methods of improving  
the farms in question being now in  
use on successful farms.

The winning papers have been sum-  
marized for publication and will ap-  
pear in one of the local dailies from  
time to time.

### MISS M'MULLEN IS SPEAKER AT Y. W. C. A.

The regular meeting of the Y. W. C. A. was held at Patterson Hall Sunday night with Miss McMullen as speaker.

Miss McMullen has been for six years in the interior of China and with that as a background she talked with a great deal of enthusiasm and made those who heard her realize what a responsibility rests on them in the teaching of the folk across the sea and of the bettering of conditions.

"Where Christianity has been taught the feet of the girls are no longer bound, but in the dark part of China this cruelty is still being practiced and if any one of you could see the suffering of those little girls of ten or twelve years of age, you would never rest until the whole of China was rid of such a rule."

### ALPHA XI DELTA SORORITY HOLDS FOUNDERS' DAY BANQUET

"Dawn"—Miss Virginia Croft.
